

Datalexikon

.avi	Videofilm, spelas upp med mediaspelaren
.bmp	Bit Map (jfr TIFF, GIF, JPEG). Öppnas med PAINT
.bup	Back Up
.com	Körbart dosprogram. Obs! Dubbla filändelser=Virus!
.dat	Data File
.doc	Worddokument, öppnas med Word, works, staroffice
.exe	Installerar nya program på datorn. OBS! Dubbla=Virus!
.gif	bildfil, oftast på internet, kan vara animerad
.htm .html	Hemsidor, öppnas med explorer eller netscape
.ico	Iconfil, de små bilder som visas på skrivbordet
.IFO	Image Forge Pro
.jpg .jpeg .jfif	Bildfiler
.mov	Film, spelas upp med Quick Time
.mp3	Ljudfil ofta musik fr internet
.pdf	Öppnas med acrobat reader
.ppt	Powerpoint, kan även öppnas med staroffice
.rtf	Textdokument, öppnas med staroffice eller word
.scr	Skärmläckare
.sxc	Tabelldokument gjort i staroffice, kan även öppnas med excel
.sxw	document gjort i staroffice, kan även öppnas med word
.tif .tiff	Bildfil, används för hög kvalité
.txt	Textfil, öppnas med anteckningar (notepad)
.wav	Ljudfil som används när man spelar in
.wks	Kalkyldokument gjort i works 2000
.VOB	Encrypted Video and Audio Files
.wps	document gjort i works 2000
.xls	Kalkyldokument, kan öppnas med excel, works och staroffice
.zip	Filen är packad med winzip
AAC	Advanced Audio Coding
ABM	Asynchronous Balanced Mode
AC-3	Active Coding ver 3 (Dolby)
Active Control	
AGP	Accelerated Graphics Port (bruna)
AMR	Audio Modem Riser
ATA/100 Serial	Advanced Technology Attachment (disk drives)
ATM	Asynchronous Transfer Mode
ATRAC	Adaptive Transform Acoustic Coding ver 3 (SONY). Audio compr.
BIOS	Basic Input Output System
CBR	Constant Bit Rate; Computer Based Reference
CDMA	Code Division Multiple Access
CD-R/RW	Compact Disc-Recordable/Rewritable
CISC	Complex Instruction Set Computer
CMOS	Complementary Metal-Oxide Semiconductor
CODEC	enCoder/DEcoder. Analog-to-Digital
CP/M	Control Program
CPU	Central Processor Unit
Cv2,CVV,CVC	Card Verification Value, CVCode
DAC	Digital Analogue conversion
DASP	Disc Anti-Shock Protection
DBX	Data Beam Image (filtyp)
DDR RAM	Double Data Rate RAM
DIVX	Digitalt videokompressionsformat (MPEG4-teknik). DivX Networks.
DMA	Direct Memory Access

DMB	Digital Multimedia Broadcasting
DNE bildförbättr	
DOS	Disc Operating System
DRAM	Dynamic RAM
DRM	Digital Rights Management for Windows Media (kopieringsskydd)
D-SUB	DB-connectors (9,15,25,37,50 pinnar)
DTS decoder	Digital Theater Systems, ung Dolby Digital
Dual DVI	Dual Link DVI (2560x1600 pixlar)
DV	Digital Video
DVB-H	Digital Video Broadcasting-handheld
DVD-audio/video	Digital Video Disc-a/v
DVD-R/RW	Digital Video (Versatile) Disc
DVD-RAM	Digital video Disc-Random Access Memory
DVI	Digital Visual Interface
DVI-D	Digital Video Interactive
Dynamisk Kontrast	Kontrastrik bild, mörka partier försvinner (Samsung)
ECC	Error Correcting Mode
ECP	Enhanced Capabilities Port
EDGE	Enhanced data rates for GSM evolution
EDO RAM	Extended RAM
EIDE	Enhanced IDE
EISA	Extended ISA
ENIGMA	Grekiska
EPP	Enhanced Parallel Port
ESCD	Extended System Configuration Data
FireWire 400,800	High Speed Serial Bus, 400-800 Mbit/sec
FPU	Floating Point Unit
FSB	Front Side Bus
GPRS	General Packet Radio Service
GSM	Global System for Mobile Communication (2g)
HDCD	High Definition Compatible Digital
HDCP	High Bandwidth Digital Content Protection (tills med DVI)
HDD	Hard Disc Drive
HDMI	High Definition Multi Media Interface
HSDPA	High speed downlink packet access (3.5g)
HTML	Hyper Text Mark-Up Language
HTPC	Home Theater PC
ICANN	Internet Corporation for Assigned Names and Numbers
ID3	ID-tag, set of meta-data in an MP3, often 128 byte
IDE	Integrated Drive Electronics
IEEE	Institute of Electrical and Electronics Engineers
IETF	Internet Engineering Task Force
iLink (FireWire)	
IMS	IP Multimedia Subsystem
IrDA	Infrared Data Association
IRQ	Interrupt Request
ISA	Industry Standard Architecture (svarta)
ISOC	Internet Society
JPEG	Joint Photographic Experts Group
JPG	Joint Photographic Group
KVCD	K Video Compression Dynamics, modifiering av MPEG-1/ MPEG-2
LC	Low Cost Color (Mac)
Ljusstyrka	450 cd/m2?
LPC	Low Pin Count
MBMS	Multimedia Broadcast Multicast Service
MCA	Micro Channel Architecture (computer bus)

MIDI	Musical Instrument Digital Interface
MJPEG	Motion JPEG, video codec, se progressive scan och interlaced video
MMC	MultiMediaCenter
MMC/SD	MultiMediaCard (secure digital)
MME	Miniature Modem Eliminator
Mme	Multipurpose Internet Mail Extension
MMS	Multimedia Messaging Service
MMX	Multi Media Extension
MP	Multi Processor
MP2	MPEG2 el MPEG1 Audiolayer II
MP3	MPEG Audiolayer 3. Del av MPEG-1 och -2
MP3/JPEG	Motion Picture, MPEG-1,layer III,audio stream sound file
MPEG-1	Se ovan
MPEG-2	Se ovan
MPEG-21	Open framework for multimedia applications. Kan stoppa fildeln
MPEG-3	Se ovan
MPEG3	Moving Picture Experts Group (för HDTV)
MPEG4	Moving.....(web,streaming media,broadcast television)
MPEG-7	Multimedia content description standard. XML to store metadata
MUI (XP Pro)	Mobile User Interface,Multilingual UserInterface(XP)
NICAM stereo	Near Instantaneous Companded Audio Multiplex
NRG	Format för Nero Burning
NTSC	National Television Standards Committeé, 640x480, 30 bilder/s
PAL	Phase Alternate Lines, 720x576, 25 bilder/s
PC-anslutning	??
PCI	Peripheral Component Interconnect (vita)
PC-ingång	??
PCMCIA	Personal Computer Memory Card International Association
PDF	Portable Document Format
PIO	Programmed I/O
PIXEL Plus1-3	Built-in microprocessor to enhance picture on TV. Philips
PNG	Portable Networks Graphics
POST	Power On Self Test
PSD	Prevention of Significant Deterioration
Quick Time	Multimedia Infrastructure from Apple. All slags "motion data"
RAID	Redundant Array of Inexpensive Disks
RAM	Random Access Memory
RCA	Rollback Compensated Alerter
Responstid	6 ms?
RISC	Reduced Instruction Set Computer
ROM	Read Only Memory
ROM-BIOS	Read Only Memory-Basic Input/Output System
RSS	Really Simple Syndication (Internet)
RTF	Rich Text Format
SACD	Super Audio CD, okomprimerat surroundljud
Sample Rate	50 Hz-PAL video, 60/1.001 Hz-NTSC video
SATA	Serial Advanced Technology Architecture
SCART	Syndicat Francais des Constructeurs d'Appareils Radio et Télévision
SCSI	Small Computer System Interface
SD	Secure Digital Card
S-dmb	Satellite dmb
SDMI	Secure Digital Music Initiative
SDRAM	Synchronous Dynamic Random Access Memory
SECAM	Sequential Couleur Avec Memoire
Serial ATA	Advanced Technology Attachment
SIMD	Single Instruction Multiple Data

SoDIMM	Small Outline Dual Inline Memory Module
SRAM	Static RAM
SSE	Streaming Simd extension
Streaming	Transmitting digital audio/video. Jfr downloading
SVCD	SuperVideoCD
S-video	Super Video, 5-pol video,R/L audio, näst bäst efter component.
TBC	Time Base Corrector (VHS-spelare)
TDMA	Time Division Multiple Access
T-dmb	Terrestrial-dmb
THX	Certifierad (bio)
UART	Universal Asynchronous Receiver/Transmitter
UMA	Unlicensed Mobile Access
UMPC	Ultra Mobile PC
USB	Universal Serial Bus
W NT	W New Technology
W XP	W Experience
WAB	Web Adress Book, Windows Adress Book
WAKE-on LAN	Intels namn på Remote Wake Up (exvis f software upgrade)
WAV	WAVEform audio format, Worldwide Adress Verification, Windows
VBR	Variable Bit Rate
VCD	Video Compact Disc
WCDMA	Wideband Code Division Multiple Access
WCPUID	Infoprogram (freeware) avs bl.a processorer
VESA	Video Electronics Standards Association
VGA	Video Graphics Array (Adopter), resolution 640x480 pixels
VIA	Virtual interface Architecture
WI-FI	Wireless Fidelity (std 802.11)
Windows CE	W Consumer Electronics
WIRELESS 2200bg	Type of network connection (Intel). Jfr 802.11b/g
WLAN 802.11 b/g	Working Group 11 from IEEE LAN/MAN Standards
VL-bus	VESA-local bus
WMA/MPEG4	Windows Media Audio/, MP3
VRAM	Video Random Access Memory
WSXGA	Wide Super XGA, resolution 1680x1050 pixels.
W-XGA	Wide XGA
XGA	Extended Graphics Array, resolution 1024x768 pixels
XLS	Excel Spreadsheet, Works Spreadsheet
XVID	Open Source MPEG4-Video Codec (playback)
